MY VISION

SDSU will be recognized for graduating global citizens, ethical innovators, and compassionate leaders who impact the San Diego region and beyond.

The goal is to continue to expand our research and teaching efforts by supporting and recruiting exceptional faculty and graduate students, providing resources that support grant development, improving our research infrastructure, and increasing partnerships with organizations and corporations—all necessary to prepare students who will address today’s and tomorrow’s societal issues and complex challenges.

ADELA DE LA TORRE, PRESIDENT
WE WILL ACCOMPLISH THIS VISION AS WE...

**COLLABORATE**
with faculty and deans to identify and amplify areas of distinction.

**EXPAND**
our innovation and research capacity by seizing the Mission Valley expansion opportunity.

**CREATE**
synergies for shared commitment among our stakeholders.

**GROW**
the capacity of and access to SDSU Imperial Valley.

**DEVELOP**
exemplary national, binational, and international relationships that enhance our teaching and research collaborations.

**ENSURE**
infrastructure can sustain the demands and challenges of today’s and tomorrow’s educational landscape.

**COMMIT**
to a process of transparent and timely communication.

**MEASURE**
progress with a variety of metrics.

**NURTURE**
a culture where we listen and engage in productive dialogue.
